

**Acknowledgement of Commercial Support:**

No commercial support was received for this enduring material activity.

**Physicians**

**Accreditation Statement**

NASPGHAN is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

**Credit Designation Statement**

NASPGHAN designates this educational activity for a maximum of 1 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Article 1:** "The Role of Thiopurine Metabolite Testing and Thiopurine Methyltransferase (TPMT) Determination in Pediatric Inflammatory Bowel Disease"

**Learning objectives:**

1. Learn the clinical implications of thiopurine methyltransferase (TPMT) testing
2. Understand the impact of thiopurine metabolite levels on clinical care
3. Describe how clinical parameters affect TPMT activity

**Article 2:** "Clinical features distinguish eosinophilic and reflux-induced esophagitis: An age-matched, case-controlled study and a novel scoring system"

**Learning Objectives:**

1. Understand the current challenges related to predicting a diagnosis of eosinophilic esophagitis (EoE) in adults and children.
2. Review common clinical features in patients with EoE.
3. Recognize the value of peripheral blood eosinophilia for predicting EoE

**Principal Faculty and Credentials**

Faculty credentials and disclosures are listed in the Journal articles

**Date of Release:**

March 15, 2013

**Date of Last Revision:**

March 15, 2013

**Date of Expiration:**

March 15, 2015

**Necessary Hardware and Software:**

Adobe

Compatible Web Browser listed below:

- Internet Explorer version 6.0 or higher
- Mozilla Firefox 1.0 or higher
- Netscape Navigator 6.0 or higher
- Apple – Safari

**Estimated Time to Complete this Activity:**

It is estimated that it will take 2 hours to read the article and complete the post test.

**Method of Physician Participation:**

JPGN Articles  
*March 2013 - Internet CME Activity*

All participants read an article, take a post-test with a minimum of 100% passing score and complete an activity evaluation at the end of the activity before being able to print a certificate of completion.

**Policy on Privacy and Confidentiality:**

The personal information collected on this evaluation site is used only for our records and is not distributed to any individuals or companies.

**Bibliographic Sources**

References are provided in the Journal article.

**Copyright:**

All faculty in this activity have given their permission for publication.

**Contact Information:**

For questions on CME credit for this activity, contact Katie Myvett at [kmyvett@smithbucklin.com](mailto:kmyvett@smithbucklin.com) or 651-789-3711.

**Faculty Disclosure**

All faculty participating in the continuing medical education programs sponsored by the NASPGHAN are expected to disclose to the program audience any real or apparent conflict(s) of interest related to the content of their presentation(s).

We acknowledge the potential presence of limitations on information, including, but not limited to: data that represents ongoing research; interim analysis; preliminary data; unsupported opinion; or approaches to care that, while supported by some research studies, do not represent the only opinion or approach to care supported by research.

**Financial Relationship Key**

**G**-Grant/Research Support  
**C**-Consultant/Scientific Advisor  
**S**-Speaker's Bureau  
**E**-Employee  
**O**-Other  
**N**-Nothing to disclose

**Resolution Key**

**R1**-Restricted to Best Available Evidence & ACCME content validation statement  
**R2**-Removed/Altered Financial Relationship  
**R3**-Altered Control  
**R4**-Peer Review with 2<sup>nd</sup> method of resolution

The list below includes all individuals in control of content for this CME activity.
